***Other notes on references**

- References to published work should be referred to in the text by the last name(s) of author(s) followed by the year of publication in parentheses. For example, one may write "weed buffer is very effective in minimizing soil and nitrogen losses (Mihara, 2005) ".
- As for referring several existing studies one may write " (Smith, 2005; Kato et al., 2007) ".
- Electronic publications and regularly issued, dated electronic journals are permitted as references.
- The references should be in the alphabetical order of the last name of the first author.
- When there are two or more of the same author in the same year, published year should be described as 2018a, 2018b.
- For books, the country should be indicated after the name of the book.
- Please describe full names of journal and organization.
